DEFENCE HEAD GLAD HEPBURN TO MAKE VISIT

Ontario Premier To Have Every Opportunity To Inspect Air School

OTTAWA, March 7.—(Exchange) Minister Norman Rogers said last night he is "glad" Premier Hepburn of Ontario accepted his invitation to visit the Royal Canadian Air Force school at St. Thomas, Ont.

A statement made public here by the minister's office on authority of Mr. Rogers who is in Amherst, N.S., on an election tour, said:

I am glad Mr. Hepburn has accepted my offer to arrange for him to visit the Royal Canadian Air Force technical training school at St. Thomas and see conditions for himself. In this regard, I refer him to my invitation of March 3, which included the press.

The Premier of Ontario may rest assured that he will be given every opportunity to see the school, to work under every-day service conditions, to see the normal living conditions of all ranks on the station and to ask all the questions he likes.

I am communicating with Premier Hepburn at once and asking him to advise me at what hour on Monday he would like to visit the station, so that the commanding officer may be available to conduct him and members of the press, and show them the whole operation of the Technical Training school.

Earlier in Toronto, Mr. Hepburn accepted the offer and said he would visit the school Monday. He also said that "if Mr. Rogers does not come I may exercise my authority and appoint a commission to investigate the trouble."

No comment could be obtained from the defence minister's office here as to whether Mr. Rogers would go to St. Thomas and visit the school at the same time as the Ontario Premier and the press.

Officers In Charge

Protest Accusation

TORONTO, March 7.—Premier Hepburn of Ontario, bitter critic of the Dominion Government's war effort, threatened today to start a provincial inquiry into his charges that "violent disturbances" occurred at the St. Thomas air training base unless the national defence department co-operated with him.

As Defence Minister Norman Rogers denied outright Mr. Hepburn's charge that a disturbance took place last night at a mess involving several hundred Royal Canadian Air Force men, two British squadron leaders at the St. Thomas base protested against popular interference.

ACCEPTS INVITATION

The air training school at St. Thomas is housed in an extensive plant built by the Ontario government as a mental hospital. Shortly after the start of the war Premier Hepburn offered buildings at the federal government for whatever use required.

Yesterday Mr. Hepburn said he would go to St. Thomas on Monday, accepting an invitation given Tuesday night by Mr. Rogers to inspect the school in company with newspapermen and ask what questions he liked.

The two squadron leaders, G. R. Hicks and R. F. C. McCallie, officers commanding No. 1 and 2 wings, respectively issued statements at St. Thomas saying they were asking permission of their superiors to state their cases.

Hicks said "I consider reports published in the public press, which apparently emanate from political sources, an insult to the intelligence and integrity of the airman of the R.C.A.F."

FULL OF INACCURACIES

McCallie said "Mr. Hepburn's statements are so full of inaccuracies that I have taken the only step left for me, inasmuch as the statement

Heads Belgians

Major-General Michiels, was named recently to succeed General Vandenberg as chief of staff of the Belgian army. The Belgian army is virtually on a war footing. By spring it is expected that it will be completely mobilized.

MANION RAPS GRIT METHODS WITH QUEBEC

By Canadian Press Staff Writer
SHERBROOKE, Que., March 7.—By its political methods "the Liberal party for years has succeeded in keeping the province of Quebec as a strong political bloc, as the Liberals are trying again to do in this election," Conservative Leader Manion charged here last night.

For political purposes Prime Minister Mackenzie King and Justice Minister Lapointe were just to split the country down the middle, to split Quebec off from the rest of the country.

In his first campaign address in Quebec, Dr. Manion said Mr. King and Mr. Lapointe were talking a lot about national unity while doing their best to destroy it.

National unity was "doubly important" to Quebec, but Mr. King and Mr. Lapointe had been dividing the people of Quebec for years and the people of Canada.

The man who sowed the seeds of racial or sectional disharmony was no man true friend of Canada, especially in war times. "Yet King and Lapointe are trying to keep Quebec separate from the rest of Canada," he said. He urged the thoughtful people of Quebec to end this kind of "bug" in this election.

Amounts to criticism of my administration."

Both officers said they had applied for permission to place their case "before the acting governor-general" to obviate any possibility of their positions becoming untenable.

Regulations prevented them from giving detailed information, the officers said, but Hicks added: "I may be returned to England in connection to observe correctly."

The two officers were among those sent here from England under the Empire training scheme. Both disclaimed "any interest whatever in Canadian politics."

OTTAWA, March 7.—Present plans of Hon. Norman Rogers, defence minister, new in the Maritimes, do not call for his presence at the St. Thomas, Ont., air school next Monday, the day set for Premier Hepburn of Ontario to visit the school where he charged "violent disturbances" had occurred, it was learned today.

The defence minister, if he follows his campaign schedule, will be in St. Thomas, however, for next Tuesday he has an address scheduled at Stratford, Ont.

EVERY OUNCE OF MANPOWER TO BE NEEDED

Production Of Materials For War To Increase Employment

NEWCASTLE, Ont., March 7.—Every ounce of manpower available in Canada will be needed in the next few months for production of war materials, Hon. C. D. Howe, minister of transport, declared here last night at a Liberal rally.

Mr. Howe said the opening of the Lindsay arsenal, which will be Canada's main source of supply for heavy armaments, and the growth of the empire air training scheme, will absorb practically all available skilled labor and other resources, stimulated by war demands, will take the rest.

The minister reviewed Canada's war effort in relation to military affairs and the changes and growth in industry resulting from the war. To make an effective war effort Canada would have to remain economically strong enough to continue its effort for the duration of the war. It would be more peculiar to include in a "terrible splurge" at the start, but it would be of little use to the Allied cause if Canada were to bankrupt herself in the effort.

"We must not commit ourselves to expenditures recklessly. We must regulate our economy that we will get the things we need for successful prosecution of the war and will be able to carry on and emerge financially sound and ready to cope with post-war problems."

Mr. Howe looked for the war to continue for many years and expressed the belief that all Europe would be drawn into the struggle before it was over. With so long a time of struggle and trial before the world and the world it was more important than ever to have a strong government supporting sound policies be returned to guide Canada's contribution to the empire's cause.

22 CANDIDATES NOMINATED IN NEW BRUNSWICK

SAINT JOHN, N.B., March 7.—With Liberal and National government nominations completed in this province, candidates in the running for New Brunswick's 10 seats in the House of Commons now total 22, including a Co-operative Commonwealth Federation standard bearer and an Independent Liberal.

New Brunswick candidates in the last Dominion election numbered 28. These included nine for the Reconstruction Party.

The only three-cornered fight was in Saint John-Albert, where James E. Prich, C.C.F., has been nominated, and in Northumberland, where John P. Barry, who represented the riding in the last parliament, announced that he again would be a Liberal candidate supporting the government.

At Northumberland's official Liberal nominating convention J. W. Maloney defeated Mr. Barry in the voting by delegates.

WIFE OF LATE GOVERNOR WILL LEAVE CANADA

OTTAWA, March 7.—Lady Tweedsmuir "will shortly be leaving Canada," it was announced last night from Government House.

Her Excellency has been living quietly at Rideau Hall since returning on Feb. 14 from Montreal where she attended the cremation of the body of Lord Tweedsmuir.

The announcement of Lady Tweedsmuir's impending departure, presumably for England, also said: "She fears that she will not be able to accept any more books for distribution in the west. Lady Tweedsmuir is most grateful to all those friends in Canada who have so kindly helped her with contributions of books for her peacetime libraries."

The peacetime library scheme was launched by Lady Tweedsmuir shortly after she arrived in Canada with her husband in 1933 and she took personal interest in distributing books in the western drought areas.

Great Britain Not To Purchase Civil Aircraft Overseas

LONDON, March 7.—Sir Kingsley Wood, secretary for air, yesterday said Britain proposed to order no new civil aircraft from overseas during 1940.

Answering questions in the House of Commons, he declined to make a statement on the shooting down by Royal Air Force fighter craft of a British bomber March 3.

He informed the house that "This is a regrettable accident, is being investigated by a court of inquiry."

Trans-Canada Toll Highway Urged By Saskatoon Member

REGINA, March 7.—Construction of a hard-surfaced highway "across the country" financed by collection of toll gates if it cannot be paid for otherwise, was advocated in the present Trans-Canada air drive.

Last year there was a rumor, just a small rumor, that he was going to retire before the next general election. "Bunk," he replied, and that is what he meant.

Big Tanker Docks After Attack Made By Nazi Submarine

LONDON, March 7.—The 25,516-ton British tanker Charles F. Meyer, which went out an SOS Monday night saying she was sinking after an attack by a submarine in the English channel, made a south coast port, it was disclosed yesterday.

The vessel made port assisted by three tugs and escorted by two warships. She was torpedoed 30 miles southeast of Hastings, according to her SOS.

Fewer Than 750 Prisoners Held By Three Powers

GENEVA, March 7.—The International Red Cross prisoners' bureau said yesterday that its latest count showed fewer than 200 Germans, 200 French and 150 Belgians are held prisoners after more than six months of war.

Officials said they had "every reason to believe" their latest count up to Wednesday, cover all soldiers, sailors and aviators captured by the three major powers to date.

Midland Shipyards Will Be Re-Opened For War Contracts

MIDLAND, Ont., March 7.—Midland shipyards, owned by the Canadian Steamship Lines for several years, have been optioned by Minister of Transport, Mr. C. D. Howe, for re-opening for war contracts. It was announced today. Officials said details of contracts for vessels to be constructed for the war supply board are all that must be completed before work is started at the yards. The yards have been idle since 1917.

Former Mayor Of Moose Jaw Dies At Los Angeles

LOS ANGELES, March 7.—Only a few days after he had decided to spend the rest of his life here, Walter P. Johnson, 75, twice mayor of Moose Jaw, Sask., died suddenly early yesterday from the effects of a streptococcal infection. Johnson recently completed his second term as mayor. His widow and his son, Clare, survive.

Right-Hand Man Of Viscount Nuffield Dies On Wednesday

BIRMINGHAM, March 7.—Oliver Borden, right hand man of Viscount Nuffield, the automobile manufacturer, died yesterday while motor-ing from Oxford to the Midlands. He was about 60.

He was managing director of Borden's Mechanicals and Arms Limited and vice chairman of Morris Motors and other motor car companies.

IT'S SMART-IT'S MODERN IT'S SANITARY-THE NEW SUGAR PACKAGE WITH THE POURING SPOUT!

Never touched by hand. Comes to you in double-strength unbreakable, leak-proof packages... Guaranteed weight.

LOOK! YOU JUST PULL!

THEN CUT!

AND POUR!

THIS IS HOW IT WORKS!

The new double-strength package with the Pouring Spout is safer to handle and permits sugar storage in its original container. No leakage, no spillage... sugar in this new, modern bag prevents waste. Ask your grocer for sugar in the 5 or 10 lb. package with the Pouring Spout! Safer and more sanitary, it's contents are never touched by hand. Weight positively guaranteed.

B.C. SUGAR REFINING CO. LTD. CANADIAN SUGAR FACTORIES LTD. VANCOUVER, B.C. RAYMOND, ALTA.

STATESMEN'S SNAPSHOTS

A political "master-of-all trades" is Hon. Clarence Decatur Howe.

The only American born minister in the Mackenzie King cabinet, he has been dubbed, with justification, "Canada's busiest man." Not only that, he is probably Canada's most travelled citizen, by land, air or water. As if that wasn't enough, he is also Canada's No. 1 expert in grain elevator construction, and knows about all there is to know about the grain trade.

He is a flying chief, radio chief, navigation authority, railroader, tourist guide and grain merchant rolled into one. As head of the department of transport, which takes in the Canadian National Railway and the Trans-Canada air system, he employs about 10,000 people on his staff. He is also Canada's No. 1 expert in grain elevator construction, and knows about all there is to know about the grain trade.

As well as keeping the largest railroad system in existence running smoothly along with an air line, which is becoming one of the fastest in the world, Mr. Howe watches Canadian shipping with a careful eye.

This human dynamo was born in William, Mass., in January, 1868. Educated at the Massachusetts Institute of Technology, he was subsequently an assistant director and for five years professor of civil engineering at Delft, Holland, before coming to Canada in 1913 to 1916 he headed himself as chief engineer for the town of grain construction at Port William.

From 1916 to 1918 he was in charge of the construction of the grain elevator field between Winnipeg and Regina. During this time he was also in charge of the construction of the grain elevator field between Winnipeg and Regina.

England, wanted him to plan the erection of a line of country elevators in the Argentine.

In 1923 he was sworn in as minister of railways and canals and minister of marine and from that time has been busier still. He has

been a resident and citizen of Canada since 1908.

Mr. Howe was one of the first to fly over the surveyed route of the present Trans-Canada air line.

Last year there was a rumor, just a small rumor, that he was going to retire before the next general election. "Bunk," he replied, and that is what he meant.

THURSDAY, MARCH 7, 1940.

Alberta's Debt Problem

The province of Alberta was organized in 1905, and started with a clean sheet. It had no debt, and a cash grant from the Dominion treasury in the bank with which to carry on.

Five years later, in 1910, Alberta borrowed \$200,000 from an issue of bonds, and had unfunded debt amounting to \$981,644, a total indebtedness at the close of that year of \$2,981,644. By 1936 the gross debt had jumped to \$170,844,257, with an annual interest charge of \$8,062,529, the average rate of interest being 4.72 per cent.

The present Provincial Government in 1937 introduced legislation to arbitrarily cut the interest rate by 50 per cent. The average rate paid at present is 2.8 per cent. The interest unpaid because of this cut will amount to \$14,000,000 at the end of the 1940-41 fiscal year.

The Judicial Committee of the Privy Council has ruled that the legislature had no power to enact such legislation, as the regulation and control of interest rates rests exclusively with the Dominion Parliament. The effect of this decision is that the \$14,000,000 of unpaid interest is a debt the province must pay.

Together with full contract rates in future. All or nearly all the provinces in Canada, and the Dominion itself, have been piling up mountains of debt, carrying interest rates entirely out of line with the present earning power and paying power of the taxpayers. These debts, together with the contract interest rates, can be paid in a hopeless proposition.

Refunding of these public debts, and the use of the Bank of Canada to supply currency and credit in terms of the public need, would seem to be the only way to avoid crushing taxation or drastic curtailment of existing social services.

Il Duce Foresees Trouble

Premier Mussolini suddenly ordered Italian heavy industries to stop making arms for Allied and other neutral countries and concentrate on equipment for the Italian forces. Whether the ban has been also placed on orders from Germany is not stated. For old friendship sake that suspension may be brought about in a less ostentatious way.

Nazi influence is credited with having inspired the order. If so, the influence is quite as likely to have been of the reflex variety. Il Duce does not want the Allies to win. But neither does he want Hitler to win. Above all other possibilities in the case, he does not want Hitler to win with Stalin's help.

A Hitler victory would mean the end of Italian commercial supremacy and political dominance in the Balkan area. But a Hitler-Stalin victory would exclude Italian commerce and influence from the peninsula entirely, and make the hated Soviet power a factor in the eastern Mediterranean.

Mussolini is more likely to be thinking, as he claims, about putting Italy's forces in position to defend its interests in the Balkans than about helping the Nazi-Soviet partnership or cutting down the Allies' supply of fighting machinery.

Assured by London that Italy can have all the coal it needs from British mines, to make up for the curtailed shipments from Germany, the Italian controlled press immediately took a milder tone, even suggesting that a satisfactory agreement on the coal question can be arranged. This supports the inference that it is Italy's future, not the export-import trade of Germany, Il Duce is concerned about.

The Ontario Blackout

While Premier Hepburn joins Hitler and Stalin to make up for the curtailed shipments from Germany, the Italian controlled press immediately took a milder tone, even suggesting that a satisfactory agreement on the coal question can be arranged. This supports the inference that it is Italy's future, not the export-import trade of Germany, Il Duce is concerned about.

The pictures must give a pretty convincing presentation of what Canada is doing in the way of war preparation, or Mr. Hepburn would have thought it necessary to rule that a third of the voters in the Dominion must not be allowed to see them. This testimony to their truthfulness and realism will no doubt arouse in-

terest in the film throughout Canada, and particularly in Ontario.

Nothing creates curiosity more surely than a prohibitory order originating in a political motive. A good many Ontario people will get out their cars and head for Montreal or points in the United States in order to see the pictures Mr. Hepburn is so anxious to keep them from seeing. What they think about having to drive to the province of Quebec or to places across the line to see the war effort of Canada displayed on the screen, they will perhaps tell their Premier when occasion offers.

His eight cabinet colleagues who are now supporting the Mackenzie King Government voted for Mr. Hepburn's resolution four months ago in which he condemned that Government as lacking energy. Why they did so is made clear by their present course. They had to support the resolution or dismiss Mr. Hepburn. He told them so. They saved him from committing har-kari by voting for his motion. They may wonder now whether it was worth while.

Editorial Notes

Two hold-ups and a burglary in the city over the weekend, following another hold-up earlier last week, suggest that a crime "wave" is striking Edmonton, whether from outside or developed locally. While the police hunt down the culprits, the moral for the private citizen is plain. Do not keep money in large amounts about the house or carry it in the pocket. Put it in the bank.

A foreign office spokesman at Berlin "ridiculed" reports that the Southgate was attacked or threatened by a Nazi U-boat near Porto Rico, saying none of these craft are operating in that area. According to the average truth count in Berlin reports this probably means that Porto Rico is a very attractive target for the Luftwaffe. The neutrality patrol boats may learn something if they stick around a while, without advertising their presence.

Some one in Quebec has been looking up the records and discovered that Dr. Manion wrote a book in 1936 in which he argued in favor of conscription. To which the Doctor can truthfully reply that he has said he is not in favor of conscription now. But his disclaimer is weakened because he is proposing to form a cabinet of unknown men, and his opinions on the subject are therefore unknowable. He has no means of knowing whether the curious aggregation he proposes to bring together would agree with his opinion of four years ago or his opinion of today; or even to what extent his views would count in the "melting pot" cabinet.

Fifty Years Ago

From the Files of the Edmonton Bulletin

Charlton's motion to have the causes for the exodus of Canadians to the United States examined by a special committee of the House of Commons, but has been defeated by a vote of 10 to 10.

Taylor won the president's medal in the curling competition which closed last week.

T. H. Haining visited Edmonton on Tuesday.

Forty Years Ago

Berlin: German naval aviators say the German government has no desire to infringe upon British rights at sea, but that it is determined that Germany will have the power worthy of that nation's great place in Europe.

London: Lord Rosebery pledged devotion to the Empire when addressing a rally of university students here.

New York: S. S. Pratt, founder of a big party "machine," died here today.

Thirty Years Ago

Toronto: Since opening here on Monday, conference on education has been addressed by leaders from the United States, and the conference has been strongly urged that greater uniformity of studies prevail, particularly in the primary grades, in order to provide for the best of the children.

It has also been suggested that increased study of Canadian history take place in high schools and universities.

Twenty Years Ago

Winnipeg: Grain dealers are meeting in conference here for one of their periodic check-ups on the freight rate structure, as it affects the marketing of grain, in the light of present competitive conditions.

Paris: The French government will insist that her claims to national security be respected by Germany and that the terms of the Versailles Treaty in regard to state disarmament be observed.

New York: Great typhus epidemic is now reported to be raging in Poland.

Ten Years Ago

In a report tabled in the legislature, Dr. A. E. Cameron of the faculty of the University of Alberta has estimated the value of grain at Peace Point amount to \$17,000,000.

Washington: Chairman Legge said the Grain Stabilization Corporation will continue to buy grain indirectly to relieve pressure and prevent a decline in prices.

Quebec: By a vote of 46 to 24 the legislature rejected a motion to extend the provincial franchise to women.

Chauvin, Alberta, had a \$30,000 fire early today.

Ottawa: Mr. Irvine, M.P. for Watakiwin, wants the Dominion Government to take over and operate the distilleries.

The Passing Show

By MAX FREEDMAN

From Winnipeg comes a story about Prime Minister Mackenzie King far removed from politics and full of human interest. One of the premier's close friends is Col. G. C. "Hank" Porter, who writes the "Old Timer Talk" for the Winnipeg Tribune. Forty years ago the two men were buddies on a Toronto

Little Boy paper and this friendship has lasted ever since. Porter, who is now a Toronto newspaper editor, is a close friend of the prime minister. Porter's sincere allegiance to the Tory faith. On Friday, Mr. King, returning from Prince Albert, wired Col. Porter to meet him at the train. With Col. Porter was his young grandson, Patrick Henry Law, who was thrilled at the prospect of seeing the prime minister.

The eleven year old boy made a hit with Mr. King. The Prime Minister was delighted to hear that he was still so close to the heart of a patriot whose words roused a nation to battle for its freedom. "I have no little boy by that name, but my faithful companion, this boy, is named Pat," he said, inscribing the photo "From Pat and his master, Mackenzie King, to Pat Law."

Mr. Porter was pouring in from Ottawa kept the premier and his staff busy with the care of state. Political friends had been advised not to intrude. But he had time to spare for a little eight-year-old boy who will never forget the night the prime minister came to be a name in the paper and became for him a simple, gentle, gracious friend.

As the train pulled out, and Mr. King waved a cheery good-bye, young Pat exclaimed, while hugging his precious picture to his breast, "Gee, granddaddy, he's just like old Dad!"

When he grows older, Pat will learn his mistake. He will discover that the prime minister is a very different person from the "old Dad" that he is not least among his qualities was a wise and lovely humility.

The Godbout government stirred up the political pot in Quebec when it promised a Speech from the Throne that it would grant women the right to vote in provincial elections. Such a measure has already been rejected by the legislative assembly about a dozen times.

QUEBEC AGAIN: Mr. Godbout simply was re-declaring a pledge he made when he was named Liberal leader, a pledge to give the women the right to vote. He takes the view that woman's place in society has now become so vital she is entitled to a voice in the political decisions of the province. But a strong section of Quebec opinion does not share this belief. It feels more harm than good will come from involving ladies in the scramble of provincial politics by extending the franchise to them.

Trenchant statement of this widespread conviction has been made by a cultured Cardinal Villeneuve. One of his reasons for opposing the proposed legislation is that it would "expose women to all the passions and ambitions of the electoral arena." Students of political history will not be inclined to scoff at this charge, especially if they remember the role which the women vote sometimes has been put. It is significant, too, that great statesmen and reformers like former Premier Assiniboia, Wilfrid Laurier, and Lord Dufferin, who were all advocates of the franchise for the very reason adduced by Cardinal Villeneuve. Granting that, it is a little hard to see the logic of the opposition to the women's franchise. Women already have the vote in the federal. Are they not exposed to all the passions and ambitions of the electoral arena? This point of view, it looks like rather an untenable position to say women may vote on federal issues but not on provincial.

One of those special affairs which Quebec has opinions all her own and she must settle her problems in her own way. Interference can do no good. The result of the vote on the franchise will be watched with interest by the rest of Canada.

A trip to Winnipeg, even of the briefest duration, is enough to show one how hectic is the political pace in that turbulent metropolis. City of St. Hubert, who called the "biggest vote" in the last provincial election ever accorded any candidate, was a staunch supporter of the Liberal cause.

EXIT THE POPULAR FRONT: Since entering the legislature, he has been a rough and ready crusader. But when Russia attacked Finland, in defiance of her pledges of peace and promises of good-will, he literally saw Red with a vengeance. Mr. Stubbs once said, in a private conversation, that "where Mr. Woods' words were, I will use scorpions." His attitude for invective is probably without parallel in the public life of Canada today, and when he finished denigrating Communist leaders, Mr. Stubbs, who called the "biggest vote" in the last provincial election ever accorded any candidate, was a staunch supporter of the Liberal cause.

One wonders why the old apostles of the United Front, instead of being content with the virtue of their own bewilderment, do not have the courage to admit they were wrong about the Soviet. Labor leaders in British Columbia, Mr. Stubbs, who called the "biggest vote" in the last provincial election ever accorded any candidate, was a staunch supporter of the Liberal cause.

As long as Canadian Communists or friends of the Soviet Union do not speak out like this in regard to the Russian situation, they do more than make united action absolutely impossible. They also bring up their own heads the ally which Russia has aroused by her campaign for plunder.

Current Comment

Financing the War

Canada must fight this war from her own resources of men and material. Far from being able to borrow abroad for the emergency she may even be asked to carry not only her own war effort but also to assist Britain and France to carry theirs. The burden of war can be carried only by taxation and the savings surplus of the Canadian people, and this margin—called by Crowther of The Economist (London) the Disposable Margin—available for taxation or savings depends upon the income of the Canadian people less the amount required to maintain the standard of living. This margin may be increased by increasing the income or by reducing the standard of living and there are no other methods upon us. Now there are limits to the amount by which income can be increased by way of reducing unemployment and increasing the hours of labor, and there are also limits to the amount by which the standard of living may be reduced, though the slack in this case is greater in an emergency than most Canadians realize.

The day for Finland in the actual financial increase in Canadian income which came from a large increase of exports from Canada during the struggle. The standard of living was not reduced appreciably and out of the margin between the enlarged income and this standard of living we paid for the war. The monetary decrease in the actual financial increase in Canadian income which came from a large increase of exports from Canada during the struggle. VARSITY POST NOMINATIONS ARE RECEIVED

Elections For Students' Union Scheduled For March 13

Nominations for officers in the University of Alberta Students' Union were made at the University of Alberta Students' Union Wednesday, when three candidates for the presidency were proposed. Craig Langille, law student, Edmonton; Harry W. Leggett, agricultural student, and Jack Nelson, dental student from Saskatoon, will run for president.

LITERARY, ATHLETICS

President, literary association, Blaise Fulton, Dick Matthews; secretary-treasurer, literary association, by acclamation, Jack Borden; president, men's athletics, Ralph Fisher and William J. Hadasi; secretary-treasurer, men's athletics, Marcel Lambert and Douglas Smith; president, women's athletics, by acclamation, Jean Robertson; secretary-treasurer, women's athletics, by acclamation, Jean Robertson; president, Wausela Society, Neely Conn; and Fran Graham; secretary-treasurer, Patricia Fetherston; and Nora McPhail.

STUDENT COUNCIL

Representatives of the Student Council, agriculture, Ben Berka and Jack Butterfield; applied science, by acclamation, Jack Borden; commerce, Bill Simpson; law, J. M. Good and A. S. Williams.

Consultants for the executive positions will address the assembly of the student body Tuesday, March 12, at 11:30 a.m.

SHORT TALKS

with
Hon. Jas. A.
MacKinnon

I said Tuesday that National Union was an issue in this election. Some do not agree with that, but remembering the past, I think we can be thankful that under Mr. MacKinnon's leadership this union has undertaken the work of a United Front of a whole people.

There is too much at stake in this election for us to look upon our participation in any other light. Some do not mistake about it, that participation is very real. Not only is the whole of Canada at stake in this election, but in all we are doing we are in close touch with Great Britain and France.

It may be hard for us in Edmonton to realize there is a war on—a war of soldiers in khaki, but no casualty lists of great extent. This is a new war, however, and we must not mistake about that, and success must be achieved.

Are you listening in to CJCA each morning at 8:30 to catch my short morning talks? I am on the air every night at 7:30 speaking on our war effort.

The advertisement is published by the Alberta Liberal Federal Association, Printed by The Edmonton Bulletin, Edmonton.

Reports

Conservative Chief Addresses Party Support- ers In City

Liberal government propaganda and pamphlets will not win the war, Col. George A. Drew, Ontario Conservative leader, told a crowd of 900 in the Canadian Legion Memorial Hall here on Wednesday night.

The government's duty is to equip the people with the weapons to fight a war but "all we have is yellow circulars with the statement that something is done," he added.

BUSINESSMEN TO GIVE AID IN WAR WORK

Canadian business leaders are eager to co-operate with the federal government in furtherance of the national war effort, W. J. Dick told the council of the Edmonton Chamber of Commerce Wednesday at the annual meeting of the Canadian Chamber of Commerce in Toronto recently which he attended.

Mr. Dick said business men were aware of the importance of the work they could do in aiding the war effort, and added there was nothing selfish or narrow in their outlook.

He recommended that the Edmonton Chamber be represented each year at these annual meetings which are attended by business executives from all parts of Canada.

Mr. Dick was named to the policy committee of the Canadian Chamber of Commerce at its Toronto meeting.

Farmer Receives Delay In Action On Mortgage Case

John Bodner, farmer of the Smoky Lake district, was successful in Supreme Court chambers Thursday in securing delay in the first week of November of a foreclosure action brought by the Edmonton Mortgage Corporation Ltd.

The farm property had been purchased in December 1917 by Bodner with his parents. Since then the father Mike Bodner has died. Total purchase price was \$12,000 with a down payment of \$200. In January Bodner paid a further \$100 and as he has added \$200 in improvements to the property.

"You've had a third of the payment," said Mr. Justice Ives in ruling for the mortgage corporation. "I'll adjourn the application till the first week of November to see what he does with it."

Aero Club To Play Important Part In Empire Air Project

Confidence that the Edmonton and Northern Alberta Aero Club will play an important part in training pilots for the R.C.A.F. under the Empire Air Training scheme, the program gets into its stride was expressed by Capt. W. R. "Wop" May, retiring president of the club, at the annual meeting of the organization held in the Corona hotel Wednesday evening.

Retiring because of the pressure of business duties, Capt. May will be succeeded in the presidency by D. M. Plunkett, who was elected at the Wednesday night meeting. Other officers elected were: Hon. E. E. Tanner, Mayor John W. Fry and Flight-Lieut. Hatchell, honorary vice-presidents; Cy Becker, vice-president; Alex. Clarke, honorary secretary; and Jack Austin, secretary-treasurer.

In his address outlining the past year's activities Capt. May explained that it had been necessary to increase the personnel of the club and that at the present time the club had 100 members. Capt. Maurice Burdick, D. Kennedy, Jack Ross and Dr. H. W. Wilson were named as a parachute course at Camp Borden. The club has five training planes.

At the present time the club is conducting R.C.A.F. training. Capt. May said that the club had completed the end of March. The club includes Capt. James Bell, A. M. Berry, Frank Brown, J. J. Brown, W. C. Brown, D. R. Schaff, Norman Faulhaber, W. A. DeGruys, Charles Carter, Art. Haddis, Harry Harper and Capt. May.

AROUND THE TOWN

Members of the Lions' Club held their regular business meeting at the Macdonald hotel Thursday noon.

Convincing of running a campaign was given, Joseph Lutzack, 60, was named as the speaker for the corresponding week last year. The clearing house report Thursday.

Outlining the ramifications of the War Measures Act, Ronald D. White, K.C., addressed a luncheon meeting of the Edmonton and Northern Alberta Aero Club at the Macdonald hotel on "Freedom of Speech" Mr. White told of the restrictions under the Act in regard to freedom of speech and freedom of publication.

The Jersey cow, O'Neil Lindell, owned and trained by Martin Berntsen, St. Paul, Minn., has recently completed a splendid record of 12,288 lbs. milk, 541 lbs. fat with an average test of 4.2% as a senior three-year-old in 30 days, and has been awarded a silver medal certificate by the Canadian Jersey Club. Lindell was bred at Matagay, B.C.

J. E. Brumley, K.C., was successful in Supreme Court chambers Thursday in securing delay in the first week of November of a foreclosure action brought by the Edmonton Mortgage Corporation Ltd. The farm property had been purchased in December 1917 by Bodner with his parents. Since then the father Mike Bodner has died. Total purchase price was \$12,000 with a down payment of \$200. In January Bodner paid a further \$100 and as he has added \$200 in improvements to the property.

JUDGE WARNS LITIGANTS OF PERJURY RULE

Penitentiary Term Possible For False Evidence, Court Says

Warning to the "perjury" litigants that a perjury charge is likely to follow was given Thursday by Mr. Justice Ewing during the trial of an action in which the court in which Dora Tunkin is suing Alice Ewanak for \$10,000.

The claim is based on a verbal agreement alleged to have been made in 1927 when the plaintiff went to live with Ewanak, that she would give her \$10,000. She admits receiving \$600 and said Ewanak kept deferring payment of the balance. Since then, she argued, she has been denied liability.

CLAIMS PAYMENT

In his defence Ewanak claims to have given the plaintiff cash on payment of debts to the amount of \$2,500. The total amount of \$10,000 is alleged to have been paid by Ewanak to her husband and \$25 paid to Dr. Rutherford, and \$25 paid to Dr. Rutherford.

The two principals in their evidence made contradictory statements each other in all the principal matters in dispute, including Ewanak's claim that she had given the plaintiff cash and her husband's claim that she had given the plaintiff cash.

"This is a shocking thing that people should do," said Mr. Justice Ewing. "There are two ways of dealing with a case like this. One is to award a perjury charge to the party who is guilty of perjury."

HAD TO WALK

With the questions again put to her the female plaintiff solemnly declared that she had given the plaintiff cash and her husband's claim that she had given the plaintiff cash.

Mr. Martin, 60-year-old farmer of Brightview, was ordered by Mr. Justice Ewing to pay the plaintiff \$10,000. He was ordered to pay a fine of \$75 and \$600 costs.

The Jersey cow, O'Neil Lindell, owned and trained by Martin Berntsen, St. Paul, Minn., has recently completed a splendid record of 12,288 lbs. milk, 541 lbs. fat with an average test of 4.2% as a senior three-year-old in 30 days, and has been awarded a silver medal certificate by the Canadian Jersey Club. UNIT OPENS OFFICE FOR FUND DRIVE

Salvation Army Seeks \$30,000 For War and Home Services

Headquarters have been opened at 18 Kenneth block, 1017 10th street, Edmonton, for the Salvation Army campaign which will be held March 13 to 15 to raise \$30,000 in Edmonton as a part of a million-dollar national fund for the Salvation Army's War and Home Service.

A staff of volunteer clerks is listing all local business and their executives with a view to asking each employer to make a personal subscription to a firm subscription, and recommend support of the campaign to all employees.

In addition to the general campaign committee of which J. B. Miller, K.C., is chairman, an advanced gifts committee will begin soliciting within a few days of those firms which are willing to be able and willing to give more generously than the average.

The most numerous group of solicitors will be the eleven business divisions, one of which will be the food and grocery division, which will interview those prospects who cannot be reached by the field and must, but be seen at their homes.

The largest number of persons ever to be called for jury duty in any criminal trial in the history of the Edmonton court system.

It is planned to have the local organization will send organized units to enter upon city-wide initiatives on March 13, instead of April 1, as previously planned. It is understood that Mr. Justice MacGillivray's appointment will not permit him to hear the trials before April 13.

A jury panel of 300 names has been selected, and the trials of the 14 persons are expected to be completed by April 13.

Clara jerked her arm free. She stumbled past Ann and into the doorway of the bedroom, slamming the door behind her. She heard the key turn in the lock, she heard Clara muttering, "I won't go—you can't make me!"

She had chosen to lock herself in the room where Ann's hat lay on the bed. Hurling only a brief look at the apartment, Clara closed the door, she heard Clara's key turn in the lock, she heard Clara muttering, "I won't go—you can't make me!"

Ann fled into a stairway and out of the building, not stopping until she reached the corner. A bus was lumbering down the drive. She had put a \$5.00 piece in the pocket of her dress—money—she had fumbled for it.

Ann left the bus. What should she do about Clara? She looked back at the lighted hotel.

"I can't go back," she thought. "She'll have to take care of herself. I tried—Sue was startled by the sound of my key. She was running as I used to be. He held out the hat."

Ann walked toward the hotel. "Wouldn't she come?"

"Not a chance. I did my best. He thought her elbow. That's my car over there. I'll take you home."

"Oh, I guess not." His finger tightened on her elbow.

"Steve, I'd rather go home alone." She was close to angry tears. "I hate all of you."

"All right—I'll buy you a taxi."

"You won't do anything for me." She wriggled to free her arm.

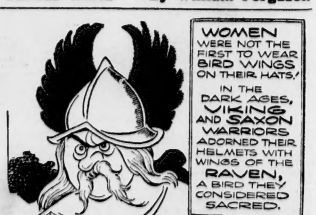

Russia Speeds Up Construction Of Waterway To Relch

MOSCOW, March 7.—Soviet Russia is speeding up construction work on the century-old Dnieper-bug waterway which is expected to become a major factor in Soviet economic collaboration. It runs entirely in territory in possession of Germany and the U.S.S.R.

Clothing Theft**

Edmonton seemed like a land of golden opportunity to two Calgary youths who were charged with clothing theft.

But from behind the door in the city police station Thursday they admitted that Edmonton detectives knew their stuff and that crime doesn't pay.

The two youths have been charged with the theft of about a dozen

windbreakers from various city department stores. They were arrested by Det. Frank Kinneloff, Thursday. Kinneloff is a plain administrator who says he doesn't like to arrest them to various persons in the city at reduced prices.

MANITOBAN RINK WINS SIXTH STRAIGHT IN BRIER

Albertans Dropped To Third Position

WINNIPEG, March 7.—Manitoba rolled smoothly on its unbeaten way in the Macdonald's Brier bonspiel by defeating Quebec 3-7 last night in the sixth round while the Bert Hall rink from Kitchener suffered a third loss and saw its hopes of retaining the national title it won from Ontario last year go floundering.

How They Stand

Rank	Wins	Losses
Manitoba	6	0
Saskatchewan	5	1
Ontario	4	2
Quebec	3	3
Alberta	2	4
British Columbia	1	5
Prince Edward Island	0	6

EAST SHUTTLE STARS WIN IN TEAM MATCHES

WINNIPEG, March 7.—Ontario and Manitoba advanced to the final of the annual inter-provincial brier competition here last night with victories over Alberta and Saskatchewan, respectively.

Competition consisted of doubles play only with each province sending a men's, women's and mixed team into the field. Quebec won the trophy last year at Toronto, but because of the fact only three Quebec players are here the province did not enter a team.

Alberta, represented here by three women, picked up three Manitoba wins to complete its "beat" Ontario won all three matches last night. Jack Simbald and Red Pennington of Toronto winning men's doubles from Ems. Long and Eddie Lemm of Winnipeg, who represented Alberta. Scores were 18-16, 15-12.

Betty Snell and Mrs. Guy Perreault of Ottawa upset Leslie McNaughton and Doreen Campbell of Calgary, 15-11, 15-11. Miss E. Efferser and Jim Snyder of Toronto won the mixed doubles match, defeating Miss B. Mitchell of Edmonton and Bill Lott of Winnipeg, 15-11, 15-8.

ONE OF BEST GAMES
The Manitoba-Finlay battle was one of the best of the bonspiel so far. The Finlay rink, captained by Jim Finlay, defeated the Manitoba rink, captained by Jim Dava, 11-10 in the first round. The Finlay rink, captained by Jim Finlay, defeated the Manitoba rink, captained by Jim Dava, 11-10 in the first round.

MIDDLE MAT STARS BACK FOR FRIDAY

Four good bouts of middleweight wrestling have been completed here today. Friday at the Memorial Hall and after a one-day break, the middleweight promoter will pick his matches for Friday.

Some of the wrestlers are a little heavier than others, but they are to be matched accordingly. The first three bouts will be (wrestle) Fall affairs of the minute (one unit) to each bout.

On the top bracket is Vic Han against that middleweight mauler, Oscar Modestoff and in the other bouts Chuck Kitchen will be on against Danny Melnick. The remaining card will be Hubert Poirer against Johnny Dean while Mike Peterson goes up against Lou Magli in a grudge challenge event.

The bouts will start at 8:30 o'clock in order to have all bouts finished before midnight. Friday's top bouts will start an elimination tournament for the silver belt.

Fund Transferred

MADRID, March 7.—The English Bishop Relief Fund, amounting to £100,000 (US\$1,600,000), originally intended for use in Spain, has been turned over for the relief of dattrees in England, at the suggestion of General Franco.

Long Way of America

Long war of Attrition Seen as Possibility After Red Troops Take Viip

through the walls of the Red army offensive on the Isthmus.—EDITOR.

By WEBB MILLER

British United Press. Exclusive Cable to The Edmonton Herald.

LONDON, March 7.—In neutral quarters here Scandinavia there are two possible answers to what happened in the Finnish war after the Red army occupied Helsinki.

One concerns the possibility that Josef V. Stalin will be ready for peace after achieving a victory on the Karelian Isthmus. The second is that the Finns will fight on vigorously from strong new defensive lines, and that there will be a long war of attrition.

The fall of Viipuri cannot count

**56 CANDIDATES
SEEK MANITOBA
FEDERAL SEATS**

defended but on this rupture between the two, the original Manheimer defenses do not mean as dramatic a collapse of Finnish powers of resistance.

Manheimer's identity is suffering as a result of the Red army bridge which has been hammered away, the overwhelming weight of the Finnish army's defeat through the main Manheimer line in the western part of the Isthmus.

LEFT END STILL STRONG

But, the left or eastern end of the Isthmus is still strong. The forces of the centre, still holds, and still require tremendous Russian resources to force.

All that I saw and heard in two months in Finland indicated a country more than pure and simple, a country more complex and material rather than idealistic. As a result of the Finnish resistance. As long as six weeks ago, I saw new lines and anti-tank obstructions constructed many miles behind the front.

But if the war is decided on a purely military basis, the Finns must win. Within a few months after the war, the Russians will be

names of men, tanks, artillery and airplanes.

One of the most serious aspects on the Finnish view point is that they have been unable to relieve troops for sufficient rest periods, in contrast to the lavish use of replacement.

the next phase of the war is affaid. One is the number of foreign volunteers, but so far they have been only a fraction of the number required to replace Finnish casualties. Due to political and geographical difficulties, there seems no immediate prospect that sufficient foreign man power will be made available to compensate for losses

Pacifist Beaten
NORTHAMPTON, Eng., Jan. 12.—J. D. Profumo, Conservative, returned to the House of Commons for Kettering in a by-election today noon, 17,914 votes against 17,814.

The Soviet will have achieved or is in a position to achieve their outstanding demands on Finland.

There was no definite indication that Stalin would be satisfied with settlement at that point, but some neutral sources pointed out that he might not be able to view the fact that he has a big fighting in Finland while the powers are concentrating their military force in the Near East.

United States Criticized For 'Back Door' Service To Nazis Through Russia

LONDON, March 7.—The Daily Sketch today criticized the United States for giving "back door" service to Germany and urged Americans to "really keep out of the European and Russian" affairs of Europe.

"The decrease in the volume of exports from the U. S. A. to Germany since the war seems to approach the increase in American exports to Russia by way of Vladivostok," the newspaper declared.

"It is a fair inference that a large quantity of these supplies are going across the whole breadth of Europe and Asia to Germany. The rest of them are going to help Russia on her assault on Finland. We were all under the impression that the last thing America would do would be to give help to an aggressive state which pursued its policy of aggression by means of bombing civilians, women and children."

"We do our best to understand

the American policy of isolation," the paper said. "The affairs of Europe are tortuous and twisted and those who can keep out of them are fully entitled to use their happy freedom."

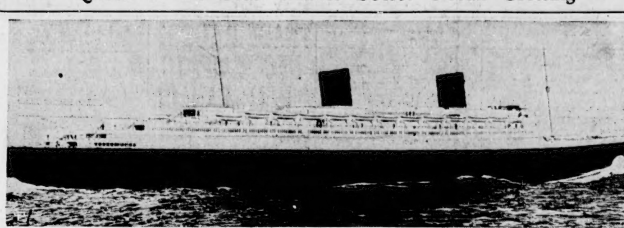

"But we are entitled to ask them that they really keep out."

Calgary French Willing To Help Suppress Reds

CALGARY, March 7.—"The French people of Calgary would definitely support any action against the Communist party or spread of their propaganda," stated Dr. L. O. Beauchemin, Calgary French consul and president of "L'Alliance Française."

He referred to a petition, urging that the Communist party be outlawed in Canada and that the fight against spread of communism be

'Queen of the Seas' Makes Secret Ocean Crossing

Great Britain's new 'Queen of the Seas,' the giant 85,000-ton liner Queen Elizabeth, today completed a daring and secret crossing of the dangerous North Atlantic from Scotland to New York where it is expected to be kept for the duration of the war. Built at a cost of \$25,000,000, the great liner is the largest and most magnificent ship afloat. It was launched on September 28, 1939, with Queen Elizabeth, after whom she was named, performing the christening ceremony.

According to official British statistics, widowers, if they re-marry, prefer spinners, while widows show a preference for widowers.

Perhaps bats, owls and beetles were believed to be blind because of the fact that they fly mostly at night.

Crack Finnish Ski Unit Led by French Legionnaire Is 'Moroccan Company'

By ROBERT BIEFFEL

Have staff writer

WITH THE FINNISH FORCES

NORTHEAST OF LAKE LADOGA, March 7.—One of the crack units of Finnish skiers which have achieved startling victories in this sector recently is inconspicuously named the "Moroccan Company."

Its captain is a tall, blond Finn named Arne Junttila, a former sergeant of the "French Foreign Legion. One finger of his right hand is missing—it was torn off recently by a fragment of Russian shrapnel.

Known simply as "papa" to his men, he has passed on to them all the secrets of guerrilla warfare he learned in his campaigns on the battle sands of Africa.

One Sunday recently the company was assembled in the front line for prayers with a clergyman who had come for the occasion.

Suddenly shells began to fall on them and a squadron of Red planes appeared overhead.

They jumped to their feet, seized their rifles. The clergyman picked up a rifle and took a few shots himself. As soon as the attackers were turned back, the men dropped their guns, fell to their knees and quietly recited their prayers.
